

Competency Questions

This is a provisional list of competency questions for PornO, an ontology in progress of the adult film industry. Further questions will no doubt be added, and the list otherwise modified, as the ontology is developed.

1. What are the adult studios in the US, and what types of content do they produce?
2. What adult movies have been released in the last year, and what genres do they belong to?
3. How many scenes are associated with a specific adult movie, and who are the performers in each scene?
4. Who are the leading content creators on platforms like OnlyFans, and what types of content do they produce?
5. Which performers have worked with multiple studios or genres?
6. Did this performer receive all the clean STD test results required to film this scene?
7. How many agents represent performers in the industry, and what is their impact on bookings?
8. How many views, and what rating, does this adult video posted on this website have there?
9. What tags were applied to this adult video when it was posted on this website?
10. What key words or phrases, if any, appeared in the comments section for this posting of an adult video?
